

2006 Utah Scenic Calendar Features Waters of Utah

What happens to the "Greatest Snow on Earth™" as it melts and meanders down into our valleys? The 2006 Utah Scenic Calendar is filled with fabulous scenic photos of the waters of Utah and the recreational activities they offer.

The prestigious Utah Scenic Calendar continues to capture national and international honors for design and photography in calendar competitions and is recognized as one of the world's best scenic calendars. In the 34th annual edition, the 2006 calendar contains the signature full-page scenic photograph for each month, taken by some of the country's best photographers, featuring the beautiful waters of Utah, as well as a brief description of each area.

The calendar is a beautiful and appreciated gift for friends, business colleagues and family, and is a wonderful way to showcase Utah to visitors, clients and associates.
